DAY 01

MONDAY, JUNE 13

Moderator - Barbara De Filippis, University "G. d'Annunzio", Italy

KEYNOTE PRESENTATIONS

GMT Timings	Local Timings	
09:30 - 10:00		AV Check
10:00 - 10:10		Introduction
		Barbara De Filippis, University "G. d'Annunzio", Italy
10:10-10:50	12:10-12:50	Title: Resveratrol derivatives: a new tool for osteogenic induction in the treatment of peri-implantitis
		Cornelia Braicu, Iuliu Hatieganu University of Medicine and Pharmacy, Romania
10:50-11:30	13:50-13:30	Title: miR-29b inhibition in triple negative cells target apoptosis and autophagy related mechanisms
		Subas Chandra Dinda, Teerthanker Mahaveer University, India
11:30-12:10	17:00-17:40	Title: Mucoadhesive microcapsule: A novel approach for controlling & sustained drug delivery!
		Liwu Li, Virginia Polytechnic Institute and State University, United states
12:10-12:50	08:10-08:50	Title: Innate immune-memory based therapeutics in the resolution of inflammation
		Sebastien Fortin, Laval University, Canada
12:50-13:30	08:50-09:30	Title: Targeting breast cancer through prodrug activation by cytochrome P450 1A1

ORAL PRESENTATIONS

Chair - Subas Chandra Dinda, Teerthanker Mahaveer University, India

		Chetna Dipak Modi, Anand Pharmacy College, India
13:30-13:50	19:00-19:20	Title: Introducing novel hybridization technique for solubility enhancement of Bosentan formulation
		Neha Bajwa, Maharaja Ranjit Singh Punjab Technical University, India
13:50-14:10	19:20-19:40	Title: Formulation development and characterization of novel nano formulation to enhance bioavailability by using quality by design approach
		Shagun Katoch, Maharaja Ranjit Singh Punjab Technical University, India
14:10-14:30	19:40-20:00	Title: Solid dispersion approach for solubility enhancement of Arteether employing hydrophilic carriers
		Srishti Naryal, Maharaja Ranjit Singh Punjab Technical University, India
14:30-14:50	20:00-20:20	Title: Quality by design based development and characterization of patient compliant dosage form for pediatrics
		Pallvi Saroch, Maharaja Ranjit Singh Punjab Technical University, India
14:50-15:10	20:20-20:40	Title: Development, Optimization, and characterization of golden milk as immunobooster in Covid-19 using Qbd approach

15:10-15:30	20:40-21:00	Trisha Sharma, Maharaja Ranjt Singh Punjab Technical University, India Title: Quality by design approach based development of Arteether loaded solid lipid nanoparticles
15:30-15:50	21:00-21:20	Shipra Mahal, Maharaja Ranjt Singh Punjab Technical University, India Title: Development of flavoured oral disintegrating mini tablets by using quality by design approach
15:50-16:10	21:20-21:40	Ashwini Jadhav, Genba Sopanrao Moze College of Pharmacy, India Title: Studies on formulation and evaluation of orally disintegrating tablets using Musa Acuminata as a natural disintegrant for paediatric use
16:10-16:30	12:10-12:30	Richard Cheng, Cheng Integrative Health Center, United States Title: Nutraceuticals in the prevention and treatment of Covid-19
16:30-16:50	18:30-18:50	Florjana Rustemi, Albanian University, Albania Title: Cost effectiveness of antineoplastic agents preparations for personalized cancer therapy in the UHC "Mother Theresa" Tirana
16:50-17:10	18:50-19:10	Tarek Aboul-Fadl, Assiut University, Egypt Title: Novel spiro hybrids of 2-indolinone and Thiazolodinone scaffolds as cell cycle checkpoints' Pathways regulators with potential anticancer activity
17:10-17:30	20:10-20:30	Ahmet Dogan Ergin, Trakya University, Turkey Title: In vitro and Ex-vivo evaluation Of Curcumin loaded olive oil/beeswax oleogels

DAY 02

TUESDAY, JUNE 14

Moderator - Perna Sharma, Guru Gobind Singh College of Pharmacy, India

KEYNOTE PRESENTATIONS

GMT Timings	Local Timings	
09:30 - 10:00		AV Check
		Laurent Metzinger, University of Picardie Jules Verne, France
10:00-10:40	12:00-12:40	Title: Non-coding RNAs in the cardiovascular disorders linked to chronic kidney disease
		Anna Weronika Sobanska, Medical University of Lodz, Poland
10:40-11:20	12:40-13:20	Title: Drugs as an environmental problem - chromatographic and computational studies of drugs' partition between soil and water
		Hitendra M Patel, Sardar Patel University, India
11:20-12:00	16:50-17:30	Title: Synthesis and in vitro study of antiproliferative heterocyclic scaffolds
		Vivek Gupta, St. John's University, United states
12:00-12:40	08:00-08:40	Title: Nano-Repurposing strategies for enhanced efficacy against new indications

POSTER PRESENTATIONS

		Deepika Bairagee, Oriental University, India
12:40-12:50	18:10-18:20	Title: Release preparation and evaluation self-emulsified -Oryzanol/Algae oil formulation with alginate beads
		Deeksha Choudhary, Maharaja Ranjit Singh Punjab Technical University, India
12:50-13:00	18:20-18:30	Title: Formulation and evaluation of immediate release tablets of Raloxifene hydrochloride prepared by solid dispersion method
		Neeraj Bainsal, Chandigarh University, India
13:00-13:10	18:30-18:40	Title: Pharmacognostic characterization and development of standardization parameters vis-a-vis quality control of Thalictrum foliolosum DC.- An unexplored traditional herb
		Avinash Choudhary, Maharaja Ranjit Singh Punjab Technical University, India
13:10-13:20	18:40-18:50	Title: Development, optimization and evaluation of medicated lozenges for the treatment of oral Lichen Planus

ORAL PRESENTATIONS

Chair - Anna Weronika Sobanska, Medical University of Lodz, Poland

13:20-13:40	18:50-19:10	Smita More, Savitribai Phule Pune University, India Title: Emulgel: A potential tool for topical drug delivery system
13:40-14:00	19:10-19:30	Rudra Pratap Singh Rajput, Shri Rawatpura Sarkar Institute of Pharmacy, India Title: Formulation, Characterization and evaluation: Micellar loaded complex of Cuminum Cyminum to treat causing disease of COVID 19 (Respiratory infection)
14:00-14:20	19:30-19:50	Prerna Sharma, Guru Gobind Singh College of Pharmacy, India Title: An overview of pharmacological potential of Curcuma longa
14:20-14:40	19:50-20:10	Gejalakshmi S, Dr. M.G.R. Educational and Research Institute, India Title: Analysis of bioactive compounds whole plant extract of Clitoria Ternatea by using HPLC-MS techniques
14:40-15:00	20:10-20:30	Lakshmi Sivasubramanian, Chettinad Academy of Research and Education, India Title: Paediatric drug development using PBPK models
15:00-15:20	20:30-20:50	Neha Agarwal, Navyug Kanya Mahavidyalaya, India Title: Critical risk assessment and challenges associated with release and accumulation of pharmaceuticals and their byproducts in environment: Remediation techniques
15:20-15:40	20:50-21:10	Jan Mohammad Mir, Islamic University of Science and Technology, India Title: NO and CO based ruthenium complexes as biomedicinal compounds: Experimental and computational investigations
15:40-16:00	16:40-17:00	Gil Goncalves, University of Aveiro, Portugal Title: Advanced multifunctional carbon-based nanomedicines for cancer therapy
16:00-16:20	13:00-13:20	Andre Luiz Pereira, Fundacao Hemominas, Brazil Title: Pharmacopollution and household waste medicine (HWM): An applied view
16:20-16:40	17:20-17:40	Helena Freitas, University of Lisbon, Portugal Title: A brief review of the impacts of medical cannabis production – A Mini-Review
16:40-17:00	19:40-20:00	Aysu Yurdasiper, Ege University, Turkey Title: Itraconazole dry powder inhaler formulation for effective treatment of invasive aspergillosis
17:00-17:20	20:00-20:20	Hilal Erdogan, Nevsehir Haci Bektas Veli University, Turkey Title: Current perspectives on the bioactivity of tricalcium silicate-based sealers in the root canal treatment

UPCOMING CONFERENCES

7th Edition of Global Conference on Pharmaceutics and Novel Drug Delivery Systems

September 08-10, 2022 | Paris, France

<https://pharmaceuticsconference.com/>

8th Edition of Global Conference on Pharmaceutics and Novel Drug Delivery Systems

March 13-15, 2023 | Singapore

<https://magnusconferences.com/pharmaceutical-sciences/>
